

**Planning Commission  
2017 Work Plan**

Evaluate form-based development as an alternative to the existing traditional zoning code and submit a report to the City Council.	
Recommend a process to review and update the land use code to the City Council.	
Review City design standards for streets, lighting, and sidewalks, and provide recommendations to the City Council.	
Research policies and programs that encourage reinvestment in blighted areas and provide recommendations to the City Council for review.
