|          | Supplemental Budget                  |

- ✓ DISCUSSION

- □ **PROCLAMATION**
- □ REPORT

An opportunity was presented by a resident to purchase property in the downtown area to expand Rolling Rock Park. As an unforeseen expenditure, the purchase requires the adoption of a supplemental budget. In accordance with ORS 294.473, notice of the hearing was provided in the November 15, 2018 edition of the Eugene Register Guard.

#### Explanation of change(s):

The City of Lowell has an opportunity to make improvements and expand Rolling Rock Park to Main Street. Funds will be used to purchase 53 E. Main Street. The purchased property will be used as match funding for a grant with the Oregon Parks and Recreation Department to make significant improvements to Rolling Rock Park, including irrigation, landscaping, parking and pedestrian improvements.

**SUBJECT:** City Administrator Report

#### **Oregon RAIN Venture Catalyst**

On Friday, November 16, representatives of Lowell, Oakridge and Veneta interviewed two candidates for the East Lane County Venture Catalyst position. Both candidates are a great fit for the position and our hiring committee anticipates making a selection this week. Officially, the position starts December 10 and should start working with communities in early January. The position will assist entrepreneurs in the traded sector but will also connect others to resources available with the Small Business Development Center at Lane Community College.

#### **Covered Bridge Tree Lighting**

The Lowell Covered Bridge Tree Lighting has been scheduled for Saturday, December 1. Parking at the Covered Bridge is being limited to handicap parking and for volunteers. However, ample parking will be available at the Lowell Junior/Senior High School and on Main Street, with a free shuttle to the Covered Bridge starting at 4:45 p.m. The event starts at 5:00 with refreshments. This year's tree has been furnished by Carroll's Country Christmas Trees.

#### **Project Updates**

Staff has developed a "Projects" page on the City website. Residents may access this page to receive updates on City projects by visiting <u>www.ci.lowell.or.us/projects</u>. The page may also be accessed from the homepage under the "I Want To..." tab.

- Paul Fisher Park Irrigation Repairs and Improvements Staff met with a contractor on Monday, October 15 to discuss the Paul Fisher Park irrigation repairs and improvements. The contractor provided a quote of \$2,180.20 to connect the three existing zones with electric valves, a new 1½ double check backflow device, and a remote timer. The work is currently being scheduled. Once completed, the contractor will troubleshoot the system and identify any needed repairs to the supply lines or sprinkler heads.
- *Downtown Master Plan* The City hosted a public open house on Wednesday, November 14 at 7:00 p.m. to review the illustrative plan with the public and solicit additional feedback. The illustrative plan was generally well received. The next step is to start work

on recommended comprehensive plan policy and land development code amendments that will support implementation of the illustrative plan.

 Parks and Recreation Master Plan – The City hosted a Parks and Recreation Master Plan Steering Committee on October 18. The Committee discussed the concept plans for Rolling Rock Park and the railroad right-of-way. Staff is currently working on scheduling the next Steering Committee meeting, as well as a public meeting to review the concept plans with residents and other stakeholders.

## League of Oregon Cities Highlights

## Elected Essentials Workshops to Start in November

The LOC's Elected Essentials program returns next month to provide newly elected officials, experienced elected officials, and city staff with free training on the basics of municipal governance in Oregon. Registration for Elected Essentials will open on October 24, and seating is limited for this high-demand LOC training.

Each Elected Essentials workshop will start with an overview of these core municipal concepts:

- Council Responsibilities;
- Oregon's Ethics Law;
- Oregon's Public Meetings Law; and
- Oregon's Public Records Law.

In addition, significant time will be devoted to a facilitated discussion of how to best achieve and maintain a high-functioning governing body. The focus of the final two segments of each workshop will be determined by the city managers in the specific region that is hosting the workshop - recognizing that different regions in Oregon face different challenges.

#### Dates and Locations:

| November 28 – McMinnville   |
|---|
| November 29 – Tigard  |
| November 30 – Hood River  |
| December 5 – Manzanita  |
| December 6 – Waldport   |
| December 12 – Monroe  |
| December 12-13 – Hermiston (two 4-hour sessions during evening hours) |
| December 13 – Bandon  |
| December 13 – Klamath Falls   |
| December 14 – Grants Pass   |
| January 10 – Sisters  |
| January 18 – Baker City   |
| January 23 – Salem  |

#### LOC Files Suit Against the Federal Communications Commission

On Wednesday, the LOC joined the League of California Cities, the League of Arizona Cities and Towns, the city of Seattle, the city of Tacoma, and King County, Wa. in filing suit against the Federal Communications Commission (FCC) in the U.S. Ninth Circuit Court of Appeals.

The lawsuit asks the Ninth Circuit to review the FCC's order captioned <u>In the Matter of</u> <u>Accelerating Wireless Broadband Deployment by Removing Barriers to Infrastructure Investment</u>, Declaratory Ruling and Third Report and Order released September 27. While the FCC's order purports to further the FCC's goal of accelerating the deployment of 5G small cell technology, it will limit or eliminate municipalities' traditional local regulatory authority over zoning and rightof-way management and municipalities' proprietary rights over whether and on what terms they may allow communications providers rights to access, occupy and use government-owned real and personal property.

In challenging the FCC's order, the League and its partners assert that the order:

- Is arbitrary, capricious, and an abuse of discretion within the meaning of the Administrative Procedure Act, 5 U.S.C. § 701 *et seq.*;
- Violates federal law, including, but not limited to, the Constitution of the United States, the Communications Act of 1934, as amended, and the Commission's regulations promulgated thereunder; and
- Is otherwise contrary to law.

During the LOC Board of Directors' September meeting, LOC staff was directed to hire outside counsel to file suit against the FCC regarding this matter.

## City Day at the Capitol 2019

City officials are invited to attend City Day at the Capitol, scheduled for Thursday, January 24. Cosponsored by the League and the Oregon Mayors Association, City Day at the Capitol is local government's major event of the legislative session. Most importantly, it is also the opportunity for city officials from around Oregon to stand together in support of the League's advocacy efforts and let legislators know how actions they take could impact local communities. Highlights of City Day at the Capitol will include a briefing from League staff on legislative priorities, hearing from the legislators leadership about their objectives for the session, individual visits with legislators, and a reception for legislators and city officials.

## Zero Barriers for Startups in Rural Oregon

Finding & Elevating Oregon's Overlooked Entrepreneurs

**REQUEST:** Oregon Regional Accelerator & Innovation Network (RAIN) is asking the State of Oregon for **\$1 million as support for statewide expansion of Oregon RAIN's Rural Venture Catalyst Model during the 2019-21 biennium**. Funds will be leveraged for additional grants, contracts, and other support.

**PURPOSE:** Oregon RAIN was originally created to advance the formation of high-growth innovative start-ups in Lane, Linn, Benton, and Lincoln Counties. Recently, **the Oregon RAIN Board of Directors voted unanimously to expand services to small and rural communities statewide,** recognizing that entrepreneurs in rural communities are systemically left behind<sup>1</sup> due to demographic, socio-economic, and geographic barriers.

Oregon RAIN enters communities only when invited, and when we join them, we live by the credo, "*Join-in, Listen, & Serve*," understanding each community is best served when they are self-determined. Oregon RAIN's Rural Venture Catalysts are **selected from local communities**. They engage with the community to support a unique, regional entrepreneurial ecosystem that **supports high-impact entrepreneurs**, **creates jobs**, and **generates new economic opportunity** in each region they serve.

Oregon RAIN is already working to build thriving entrepreneurial ecosystems in many of Oregon's rural communities:

Florence, Newport, Lincoln City, Toledo, Adair Village, Adair Village, Brownsville, Harrisburg, Monroe, Philomath, Sweet Home, Halsey, Oakridge, Lowell, and most recently, Veneta & Albany.

WHY RURAL ENTREPRENEURSHIP: When innovation, entrepreneurship, and opportunity are not accessible to rural communities, everyone in the state is negatively impacted. In order for the State of Oregon to achieve an economic system that realizes its full promise, <u>everyone in the state</u> must be able to participate. RAIN's statewide expansion will be modeled on the Kauffman Foundation's "<u>Zero Barriers to Startup</u>" initiative of identifying barriers to entrepreneurship and then working with communities to develop solutions to overcome them.

**IMPACT**: Oregon RAIN Rural Venture Catalysts **bridge the ruralurban divide** by connecting rural entrepreneurs to *people*, *programs*, *physical assets*, and *capital* and inspire current and future generations of founders. With your support, we expect to exponentially increase Oregon RAIN's results and impact in rural Oregon.

## Impact of Rural Startups Assisted by RAIN

| 227       | 317     | \$8.7M  | \$2.74M | 294     |

| Companies | Jobs    | Startup | Capital | Mentors |
| Assisted  | Created | Revenue | Raised  | Engage  |

#### T E S T I M O N I A L S

At a visit to RAIN-supported startups in Florence last year, **Governor Kate Brown** said:

"These entrepreneurs are the job creators of the future."

# Erin Reynolds, City Manager for the City of Florence, said:

"We have provided substantial financial support for the [RAIN] program, because we know that entrepreneurship support programs are extremely important to a viable economic development strategy."

| FROM:    | Jared Cobb, City Administrator |
| DATE:    | November 18, 2018              |
| SUBJECT: | Ordinance 297 – Water Leak     |
|          | Adjustments                    |

- □ DISCUSSION

- ✓ ORDINANCE
- □ **PROCLAMATION**
- □ REPORT

#### SUMMARY:

The Lowell Revised Code does not currently allow for water leak adjustments. The proposed amendment would provide one (1) adjustment per twelve (12) month period. Adjustments would only be permitted when the customer can demonstrate the leak has been repaired by providing a copy of a plumbing invoice or receipts for materials. Moreover, adjustments would not be provided for plumbing fixtures or faucets that are left running for an extended period. A first reading of Ordinance 297 was completed at the October 16, 2018 City Council meeting.

#### FISCAL IMPACT:

The City receives a limited number of adjustment requests. The amendment is not anticipated to have a material fiscal impact.

#### COURSES OF ACTION:

- 1. Motion to approve a Second Reading of Ordinance 297, as written.
- 2. Motion to approve a Second Reading of Ordinance 297, as amended.
- 3. No action.

#### **RECOMMENDATION:**

Motion to approve a Second Reading of Ordinance 297, as written.

If approved, Ordinance 297 should be read in full by the Mayor. Upon completion, a motion can be made to adopt Ordinance 297.

#### **ATTACHMENTS:**

1. Ordinance 297 – An Ordinance Amending Lowell Revised Code, Section 4.153.

#### **CITY OF LOWELL, OREGON**

#### **ORDINANCE 297**

#### AN ORDINANCE AMENDING LOWELL REVISED CODE, SECTION 4.153.

#### THE CITY OF LOWELL ORDAINS AS FOLLOWS:

**Section 1.** The following section of the Lowell Revised Code 4.153 is hereby amended as follows.

#### Sec. 4.153. - Adjustment of bills.

- (a) Unusually high-water bills resulting from leakage occurring in the customer's plumbing system will not normally be adjusted. It is the customer's responsibility to maintain their plumbing system leak free. The City Administrator is authorized to approve an adjustment in cases of extreme financial hardship, but under no circumstances may adjustments be made that lower the water bill to under the lowest incremental water rate. As a courtesy, the City may notify customers with unusually high water use of such use as soon as possible after the monthly meter reading.
- (a) Where it can be demonstrated that an existing leak on the customer's side of the meter has been repaired, the utility may allow an adjustment of up to 50 percent of the estimated excess consumption due to leakage, for no more than the last two billing periods. Adjustments shall not be permitted when the excess consumption is due to the apparent continued waste of water due to a negligent failure to repair the leak. No more than one adjustment shall be provided in any twelve (12) month period.

Adopted by the City Council of the City of Lowell, this 20th day of November 2018.

| SUBJECT: | Community Facilities Study     |

- ✓ ACTION

- □ PROCLAMATION
- □ REPORT

#### SUMMARY:

On September 19, 2018 the City released a Request for Proposals for a Community Facilities Study. The RFP closed on October 10. Two proposals were received from The Urban Collaborative and Seder Architecture/PARC Resources. Subsequently, the Evaluation Committee reviewed and scored the proposals. The Committee recommends awarding the project to The Urban Collaborative.

#### FISCAL IMPACT:

The FY 2018/19 General Fund, Administration budget includes \$25,000 for Capital Outlay – Buildings and Facilities.

#### COURSES OF ACTION:

- 1. Motion to accept the recommendation of the Evaluation Committee and award the Community Facilities Study project to The Urban Collaborative.
- 2. Motion to award the Community Facilities Study project to Seder Architecture and PARC Resources.
- 3. Motion to reject the proposals and republish the Request for Proposals.

#### **RECOMMENDATION:**

Motion to accept the recommendation of the Evaluation Committee and award the Community Facilities Study project to The Urban Collaborative.

TO: Mayor Bennett and Council

**FROM:** Jared Cobb, City Administrator

DATE: November 18, 2018

**SUBJECT:** Community Facilities Study

Request for Proposals for a Community Facilities Study (RFP 2018-02) closed on October 10, 2018. The evaluation Committee, comprised of the City Administrator, City Clerk, and Public Works Director reviewed and evaluated two proposals received from Seder Architecture/PARC Resources and The Urban Collaborative. An overview of the evaluation criteria, recommendation for award, and project funding are provided below.

#### **Evaluation Criteria and Scoring**

The Evaluation Committee reviewed proposals for the minimum requirements and scored them on the following criteria. The results are provided below:

| Criteri | a                                | Seder/PARC<br>Resources | Urban<br>Collaborative | Maximum<br>Points |
|---------|----------------------------------|-------------------------|------------------------|-------------------|
| 1.      | Experience and Qualifications of | 26                      | 28                     | 30                |
|         | Project Team Members and Firm    |                         |                        |                   |
| 2.      | Project Understanding/Approach   | 27                      | 30                     | 30                |

|         | Total:                           | 89                      | 90                     | 100               |

#### **Recommendation for Award**

Both firms have significant experience developing facility studies and designing public facilities. The Evaluation Committee recommends awarding the Community Facilities Study project to The Urban Collaborative. The following is a summary of each criterion:

1. Both firms have significant experience. The Urban Collaborative maintains more diverse experience, with projects including the development of City design standards, facility studies, and building design.

- 2. The Urban Collaborative proposed a more robust outreach strategy. They also placed a greater focus on collaboration, placemaking, and how the new Community Facilities will contribute to a defined, thriving downtown.
- 3. Both firms submitted excellent work examples. Seder/PARC Resources provided a long list of projects to demonstrate their abilities. Likewise, The Urban Collaborative provided a detailed list. The Urban Collaborative was given a slight edge due to the strong integration of building form and landscape design ("placemaking").
- 4. Seder/PARC Resources scored higher due their proposed contract price of \$19,687. The Urban Collaborative submitted a proposal for \$24,890.

#### **Project Funding**

The current FY 2018/19 Budget for the Administration Department includes \$25,000 for Capital Outlay – Buildings and Facilities. Staff recommends using these funds to complete the Community Facilities Study.

"It's like having a group of experts in our back pocket!"

Wanda Powless Klamath Crisis Center

For PARC Resources

"PARC's assistance has brought many millions of dollars into this community and I truly appreciate the professional manner in which you have assisted this County and community."

Steve Grasty, Retired Judge Harney County

For PARC Resources

"Great Work! Great Job! And Much Thanks! I am looking forward to continuing our partnership and once again I want to thank you for the incredible work you have done for us "

Dean Dollarhide Board Chairman Northern Wasco County Parks & Recreation District

For Seder Architecture+ Urban Design

"So often communities don't have professionals with vision available to them. You (Mark Seder) have vision, a successful history in a number of places, and credibility ... not to mention a can-do positive attitude ... all of which brings the light of hope and optimism to a community when they 'see' what could happen."

John McArdle, Mayor, City of Independence

Legal Status: Service Area: Authorized Contact: Limited Liability Company (LLC) United States of America Stan Foster, President

## EXPERIENCE

PARC Resources has been actively involved in a multitude of community planning efforts over the years. From Master Planning the Burns Paiute Reservation with Seder Architecture + Urban Design, to creating a pathway and a Facility Plan for the Town of Twisp, Washington, PARC Resources has demonstrated the benefits of a community-based grassroots planning approach to assisting communities plan their future. We have provided Business, Feasibility, Facilities, Capital and Master Planning for the Port of Morrow, City of Reedsport, Oakridge, Rufus, Umatilla, Pilot Rock, Lincoln City 4-Cs, City of Rockaway Beach, Airway Heights, Washington Industrial Park, and many more. Our knowledge of rural communities and working knowledge of economic development planning makes us an excellent choice to assist the City in this important effort.

Master Planning in all of its forms and varieties has been a specific and acknowledged strength of Seder Architecture + Urban Design. Their long list of planning projects includes many community Facilities Plans, including several collaborating with PARC Resources, as well as twelve adopted Downtown Revitalization and Action Plans. The firm's groundbreaking college and university Facilities Master Plans for Western Oregon University, Arizona State University, and Oregon Institute of Technology have received accolades and have led directly to major renovations, expansions, and upgrades of key university facilities, two of which have won national design awards. A number of Master Planned, designed and completed City Halls, libraries and Community Centers in rural communities makes Seder particularly a good fit both in collaboration with PARC Resources, and for your Lowell Community Facilities.

## QUALIFICATIONS

#### Public Affairs Research Consultants (PARC) Resources

Founded in 1985, PARC Resources is a consortium of professional consultants who provide professional services under contract for state, regional, local, and tribal governments as well as for private sector for-profit and not-for-profit organizations.

We shape each project team to fit our client's needs, bringing together the best-suited people to achieve results. Our pool of experts includes facilitators, marketing specialists, researchers, grant writers, architects and urban designers, feasibility analysts, AICP-certified planners, economic development specialists, and project managers. Our strength is the extent and diversity of qualifications that our affiliate consultants bring to the consortium. Our consultants are selected on the basis of their capabilities and we subscribe to a Code of Values that includes a strict policy of nondiscrimination.

#### Seder Architecture + Urban Design LLC

Seder Architecture + Urban Design works in partnership with municipalities, stakeholders, citizens, officials, and potential funding sources to envision and plan for bright futures. We've been particularly focused on the needs, challenges, and unique "value-adding" opportunities of the Northwest's rural communities.

Seder projects have been published locally and nationally and have won national and local design awards and competitions. Most importantly, though, each plan and project has delivered initial, lasting, and sustainable value to the institution and community. Seder Architecture + Urban Design is, according to ORS 279A.120, a Resident Bidder in the State of Oregon.

#### Profile of the Project Team

#### Stan Foster, President, PARC Resources

Stan will take the lead on coordinating the team, assisting community facilitation, and participating in strategy development for the Facilities Plan. Stan's training and experience in planning, community consensus building, and economic development planning makes his contribution to our team important to maintaining a local approach to all strategic planning.

#### Mark A. Seder, RA, LEED ap, Principal, Seder Architecture + Urban Design LLC

A certified sustainability designer with national and local award-winning designs and completed projects, Mark will attend and contribute to all meetings with the City and will develop the architectural, and cost planning recommendations for the final Facilities Plan. Seder Architects will produce designs and concept options for City properties based on community input. These will include one set of building upgrades, renovations, re-purposing, and expansions, as well one set of new construction concepts for the Steering Committee's consideration. Site improvement concepts will also be integrated, which could involve aspects of parking improvements, accessibility upgrades, additional outdoor programmed space, etc.

Mark has led this process on numerous Strategic and Master Plans as well as on other Facilities and Downtown plans including the design and realization of a number of City Hall, Library and Community Center projects. Mark will integrate all physical aspects of your Facilities Plan into valuable and institutionally supported concepts and recommendations, building on both the assets of existing and potential facilities and sites, and integrating with institutional goals, missions, and visions. Mark will coordinate directly with the work of Stan Foster and Laura Prado to closely align facilities and site recommendations with current and projected and supported needs. Mark will also ensure that all copies of the conceptual designs are available digitally for easy access and dissemination.

#### Dr. Robert (Bob) Irvine, Vice President PARC Resources

Bob will oversee the drafting and development of the Facilities Plan as well as provide all economic development data essential to a viable plan. He has provided similar services to many enterprises in his more than a decade and a half with PARC Resources. Bob's experience will ensure that the study is a practical guide for integrating with a facility development/expansion/replacement strategy. Bob will direct the creative team, overseeing the researchers, writers, and analysts. Bob will integrate his findings directly with Mark Seder to determine best options to meet the economic and related needs of the citizens of Cascade Locks and the surrounding area in coming years and decades.

#### Laura Prado, Client Services Manager, PARC Resources

Laura will serve as the principal research specialist, conducting interviews and assisting with community workshop facilitation. Laura will also be involved in summarizing the findings of the community outreach efforts and presenting these results in representative tables, charts, and outcome summaries. Her support of research objectives will ensure that all information is sought to inform this process and final outcomes.

PARC and Seder will call upon other team members as needed to complete your Facilities Plan with the most efficiency and the most effective results. This may include computer graphics assistants, researchers, proofreaders, and desktop publishing specialists.

## PROJECT APPROACH AND UNDERSTANDING

The scope of work below includes all elements requested in the City's request for proposals. As stated, we are a grassroots, community-based planning group committed to local control and practical results. While some groups come into a community with pre-conceived notions and boilerplate plans, we make every document a local product. We make sure that our final products are locally "owned" and committed to, as this local ownership is critical to any implementation strategy. Our team shares common values as active listeners, responsive planners, and creative strategists in all implementation. We are

dedicated to rural environments and believe that the size of the population should not be a factor in getting the best professional services possible. The PARC Team has worked together with our clients to make a difference in each community we work in and by providing the support necessary to effect change with the highest customer service.

PARC Resources and Seder Architecture + Urban Design will evaluate all previous strategic and physical planning work in order to establish a baseline of expectations and opportunities. After completing this review and performing an initial conference call with representatives of the steering committee, we will be ready to initiate the community-based planning process so integral to success. We propose a community-based process that will reach out to all segments of Lowell's population. This process will include initial interviews with city staff, a meeting with the Downtown Master Plan Steering Committee, a tour of the existing facility and potential project sites, and a community workshop, facilitated by PARC Resources to gain a sense of the community's needs – particularly with regard to the library and community center. PARC Resources will then distill this information to present to the Steering Committee with recommendations on top priorities for the committee's consideration and approval.

Once the Steering Committee sets the final priorities for the facility, Seder Architecture + Urban Design will complete the first draft of the two sets of conceptual drawings, to include one set for rehabilitation and one set for new construction. These drawings will be presented to the Steering Committee for feedback before editing and finalizing the designs and providing cost estimates. While Seder Architecture + Urban Design completes the drawings, PARC Resources will compose the accompanying narrative, which will include background information, needs statement, community outreach process, findings, proposed facility designs, timeline, budget, and funding plan.

All information will be presented to the city employees and the general public for one final round of community input and comment before the Steering Committee approves the plan. Once approved, PARC Resources and Seder Architect + Urban Design will present the plan to the City Council and PARC Resources will take the responsibility of publishing the document. The final deliverable will include a package containing five bound copies, one unbound copy, and a flash drive with all project documents.

#### Commitment to Community

Over the past 25 years, PARC Resources and Seder Architecture + Urban Design have worked on successful projects throughout the west. We prioritize the community process because we know that getting community support is paramount for any project's success. Our commitment not only to our clients, but to their communities provide long-term relationships, allowing us to draw on what we have learned working together to realize multiple projects over many years. Always, our business approach is to be responsive to the communities in which we are working, and to achieve positive sustainable results that can be relied upon.

### WORK PRODUCT SAMPLES

PARC Resources and Seder Architecture + Urban Design have successfully partnered on a number of projects from Community Facilities to Master Planning. Our complimentary skills allow us to provide comprehensive Strategic Business Planning, Capital Facilities Planning, and Physical Site Planning and Envisioning and Design services that address institutional and community needs, strategic planning objectives, and phased development to meet long-term objectives. PARC and Seder have partnered or otherwise collaborated on the following projects, to name just a few:

- Wasco County Tenth Street Property Master Plan
- Burns Paiute Tribe Reservation Master Planning

- Klamath Commission on Children and Families Klamath Intergenerational Community Center Master Plan and Concept Design
- Elgin Opera House Master Plan and Phased Renovation/Restoration Project
- SAGE Center Port of Morrow Agricultural Visitor Center Business Feasibility and Master Plan Design
- Rogue River Community Center Business Feasibility Plan & Concept Design
- City of Rufus Community Center + Renewable Energy Visitor Center Renovation Master Plan & Design
- City of Rufus Strategic Plan + Town Center Plan
- City of Oakridge Strategic Plan and Community Center Feasibility and Design Master Plan Study
- City of Pilot Rock Strategic & Civic Center Plan
- Chiloquin Visions In Progress Strategic Plan
- North Wasco Park and Recreation District Thompson Park Master Plan (Seder), Phase One Design/Feasibility (Seder), and Business Feasibility Study (PARC), Seder went on to design and complete the new \$ 4.5 million Northern Wasco County Aquatic Center, including new 50 meter/8 lane multi-use pool, new Splash Park, new Bathhouse with second floor Parks District Offices, skateboard park and other site improvements. The center has enjoyed tremendous popularity and success in its three full summers of operations, drawing from the community and well beyond.
- Harney County Hines Mill Site Master Plan
- Chiloquin Mill Site Master Plan
- South Sherman Fire & Rescue Fire Station Capital Plan (PARC Resources) with Conceptual Designs (Seder)
- Athena's Gem Theatre Restoration Project

#### Burns Paiute Reservation Master Plan

PARC Resources and Seder Architecture + Urban Design provided an extensive evaluation of the existing infrastructure on the Burns Paiute Tribe Reservation Lands in Burns, Oregon. This work included design charrettes, detailed "as-built" evaluations of existing buildings, evaluation of the long-term needs of the Tribe, and a twenty-year Master Plan document that identifies key developments and improvements to the reservation lands. This project was a six-month process and included many local meetings and fact-finding efforts with Tribal members, workers, and the surrounding community. Dr. Irvine provided all economic analysis and drafting of the plan. Mark Seder provided all physical and projected development visual concepts, and Stan Foster provided all team coordination and facilitation.

#### Port of Morrow Agricultural Center Business Feasibility and Master Concepts Plan

PARC Resources and Seder Architecture + Urban Design completed a detailed Business Feasibility Plan as well as a Preliminary Design, respectively, for a new agricultural visitor center in Boardman, Oregon. This work included detailed programming and community participation in the concept of a new visitor center focused on energy, water, transportation, and agricultural practices, as well as companies, resources, and innovations shaping the industry. The coordinated work between design and business operation was critical in coming up with a sustainable approach to this interesting facility.

#### Elgin Opera House Master Plan and Phased Restoration Project

PARC Resources and Seder Architecture + Urban Design completed the conceptual designs and capital campaign strategy to restore an historic opera house in the small town of Elgin, Oregon in Union County. The opera house was in use as a community theatre and as it approached its centennial anniversary, the community determined the need to address deferred maintenance that had left the building in need of some significant repairs. In addition, the community wanted to strengthen the building to ensure its sustainability for the next hundred years. The project was completed over three phases and over a million dollars of renovations and improvements to the Opera House. Seder Architecture + Urban Design provided ongoing project management support with PARC Resources providing grant writing services. This culminated in a "Grand Re-Opening" day long Community Celebration marking both the completion of the Opera House Renovation phases, and the 100<sup>th</sup> Anniversary of the facility.

#### Budget: \$30,000

Budget: \$15,000

Budget: \$35,000

These examples represent only a small handful of the projects PARC Resources and Seder Architecture + Urban Design have worked on over the years. Additional examples are attached at the end of this proposal. Additional samples of our work are available upon request.

## PROJECT COST

PARC Resources and Seder Architecture + Urban Design have prepared the following proposed scope of work and price structure for this planning effort. Numbers written in green represent the cost for services from Seder Architecture + Urban Design.

| Timeframe | Item   | Responsible party  | Outcome  | N        | TE Price   |
|-----------|--|--|--|----------|------------|
| November  | Review existing reports and<br>plans                                     | PARC Resources, Seder<br>Architecture                                    | Avoid redundancy   | \$<br>\$ | 129<br>120 |

## ADDITIONAL SERVICES

PARC Resources is available to provide follow-up fundraising support services on an as-needed basis. Such support can include training volunteers to manage local fundraising efforts, creating brochure and other supporting fundraising documents, grant writing services, and technical assistance. Seder Architecture + Urban Design can provide full construction documents and project management upon request.

## COST CONSIDERATIONS/STATEMENT OF AVAILABILITY

PARC Resources' representative for this proposal is Stan Foster. He is authorized to negotiate and execute an agreement between the parties. Stan is reachable through our Bend, Oregon office at 64644 Cook Avenue / Bend, OR 97703 / 800-758-6812 / stan@parcresources.com.

Mark Seder of Seder Architecture + Urban Design will lead the architectural and facility assessment team, which will evaluate the existing building and site(s) and provide recommendations on all aspects of existing and potential building facilities and site upgrades and changes. Mark can be reached at Seder's Portland Office at 3219 NE Thompson Street / Portland, OR 97212 / 503-209-5596 / markstudiopdx@gmail.com.

By affixing my signature below, I attest that I have the authority to commit PARC Resources to complete the proposed project described herein. The proposal is good for sixty (60)-days from the date of my signature.

October 8, 2018

Stan Foster

Date

PARC Resources & Seder Architecture + Urban Design thanks you for this opportunity to propose, and we much look forward to taking the next steps to be your selected team. As you can see, we've had much experience together, and as a measure of this, have collaborated in the production of this proposal, much as we will do if selected to work with you. The following pages contain supplemental materials, including references, individual consultant resumes, examples of similar projects, and a two-page sample of our work from a capital campaign plan for the City of Grass Valley, Oregon's Pavilion Restoration Project.

#### for PARC RESOURCES

Mike Shippey, Chairman Willamette Resources Educational Network (WREN) (541) 683-6494

Steve Grasty, Judge Harney County (541) 573-6356

#### for SEDER ARCHITECTURE + URBAN DESIGN

Bob Francis, City Manager City of Hood River (541) 386-1488 Don Sampson, recent former Executive Director Confederated Tribes of the Umatilla Indian Reservation (541) 276-3165

#### for PARC and SEDER

Paul Koch, Executive Director, Port of Cascade Locks Former City Manager, Cities of Cascade Locks and Pilot Rock (503) 309-1460

Joe Martin, Director The Dalles Youth Center Coalition (541) 298-4277 Scott Green, Executive Director Northern Wasco County Park & Recreation District 541-296-9533

Dean Dollarhide, Board Member Northern Wasco County Park & Recreation District 541-296-1966

Phil Houk, Mayor (541) 966-0200 City of Pendleton

PARC has the kind of background that an individual organization could not possibly replicate without hiring a very expensive staff member, which, of course, no small nonprofits have the ability to do. They have systems in place. They follow up with their clients. They get into the thinking of each organization they represent and help formulate ideas and strategies to achieve specific goals.

Frank Geltner, Oregon Council for the Arts

"Great job last night. The Council was very impressed with the layout (and they are not easily impressed). They thought the flow was terrific and the space allocation was more than generous. They also appreciated the data on the costs associated with the "VW", "Chevy", "Caddy", and "LEED" options. This was VERY HELPFUL."

Bob Francis, City of Hood River

## ROBERT IRVINE, Ph.D.

#### **EXPERIENCE**

Vice President, PARC Resources\* Adjunct Professor, Blue Mountain Community College\* Adjunct Professor of History,\* Southern New Hampshire University Resource Faculty Member, Eastern Oregon University Associate Director, Homestead Youth Lodge Lecturer, Western Oregon University Instructor, Kansas State University Geological Associate, RZA-AGRA \*Current positions Weston, Oregon Pendleton, Oregon Manchester, NH La Grande, Oregon Pendleton, Oregon Monmouth, Oregon Manhattan, Kansas Portland, Oregon

#### SELECTED ACCOMPLISHMENTS

- Author: Built to Fail, Rowman & Littlefield, with Randy Trani, 2014
- Author: Fallacies in Education, Rowman & Littlefield, with Randy Trani, 2010
- Developed marketing and market capture models for regional tourism venues.
- Served as project manager and grant administrator for capital project funded, in part, by federal funds.
- Developed and presented water law and the historical development of the U.S.
- Successfully implemented funding plan through grant writing and loan packaging.
- Conducted field research and survey analysis for use in economic analysis.
- Successfully managed small tourism-related business in Alaska.
- Completed analysis of water law and the environment as it impacted the development of the American west.

#### **SKILLS & TRAINING**

- Grant Writing
- Financial Feasibility Analysis
- Research Techniques & Processes
- Public Facilitation
- Economic Analysis

#### **EDUCATION**

- 1997, Ph.D. in American History, Kansas State University
- 1992, Masters in Management, Willamette University
- 1990, B.A. in Geology, Whitman College

## LAURA PRADO

Grant Writing Specialist and Lead Trainer, PARC Resources Continuity Specialist/Customer Service Coordinator, PARC Resources Phone-A-Thon Manager, Whitman College Customer Support Technician, Sykes Inc. Medical Records File Clerk, Family Practice Associates of Walla Walla Weston, OR Weston, OR Walla Walla, WA Milton-Freewater, OR Walla Walla, WA

#### **EDUCATION**

- 2005-2009 Bachelor of Arts in Sociology, Whitman College
- 2016-Present Masters Candidate, Southern New Hampshire University

#### SELECTED ACCOMPLISHMENTS

- Researched, created and managed the company contact database.
- Organized employees for greater efficiency.
- Developed and presented informational lecture on sports medicine.
- Developed and presented informational lecture on race in the media.
- Facilitated financial gifts to Whitman College totaling \$129,736 in individual gifts over four months.

#### **SKILLS & TRAINING**

- Grant writing
- Research techniques & processes
- Effective communication
- · Background in technology, specifically internet connectivity
- Computer proficiency
- Organizational skills
- Background in Customer Service

#### **COMMUNITY SERVICE AND PROFESSIONAL ASSOCIATIONS**

- 2004-2008: Triangle Little League Softball Coach
- 2007-2008: Blue Mountain Humane Society Volunteer
- 2009-2016: Whitman College Associate Class Representative
- 2013-2014: Weston Parks & Recreation Commission, Chair
- 2018: Milton-Freewater Trails Planning Group
- 2018: Walla Walla Community Council Affordable Housing Study Committee

## SAMPLE PROJECTS

## Port of Cascade Locks Studies

The Port of Cascade Locks' varied land holdings range from industrial infrastructured bare land to current industrial buildings, town center properties ideal for commercial development and Marine Park, a varied regional attraction on the Columbia.

Seder Architecture + Urban Design was asked by the Port to separately study planning & design options for their Parkview and Marketplace sites on WaNaPa Avenue in the Town Center. Working with the Port and community, our completed *Parkview Site Study* creates a three-building complex with two buildings taking advantage of prime WaNaPa commercial frontage, with the third building featuring tremendous views and screening from the street, being up slope and behind the lower buildings. The complex centers on a pedestrian-paved parking court serving all buildings and also suggests connecting to parking across a side street for flexible shared sites parking, rather than prescriptive site-by-site parking.

Our Marketplace Site Study creates two structures, a Farmers' Market Building and a Flex Building that will feature the new Thunder Island Brewpub. These linear shed roof buildings will have common themes of WaNaPa frontage, openness, and connections to their sites and views. Site between the buildings will again be a multi-use parking court serving both, usable for outdoor events at certain times. An exciting future possibility fulfilling a goal of the Port is to

extend the Farmer's Market Building floor outdoors as a deck/bridge passing high over the railroad, becoming a new lookout interpretive platform in Marine Park, and then by stair and elevator, connecting down to the park. This experientially rich connection partially fulfills a port goal and would give pedestrians and cyclists a second and more direct, vehicle-free park access and other visitors a platform to enjoy the tremendous views of the Columbia, Bridge of the Gods, Thunder Island, and the Cascade Mountains on both sides of the river.

#### *Historic Hood River City Hall Renovation Master Plan and Project* Seder Architecture + Urban Design, 2012 and continuing

Historic Downtown Facility Master Plan, CM/GC process leadership & selection, \$ 1.1 million renovation project, brought in on time and on budget. Structural upgrades, masonry restoration & interior historic woodwork renovation. New casework blending with historic character. Innovative glass and walls "open air" partially enclosed staff offices.

### *City of Umatilla City Hall and Library* PARC Resources

The City of Umatilla contracted PARC Resources to develop the fundraising strategy and complete grant work for the combined City Hall and Library. The City Hall project was already underway and the City needed to raise \$600,000 to complete the library portion

of the building. The community set an aggressive, but ultimately successful local fundraising goal of \$250,000, leaving the balance to come from private foundations. The completed building is still a point of pride in this small community, even a decade after the project's completion.

#### **Rufus Projects**

The small Eastern Columbia Gorge City of Rufus, Oregon sits in a scenic and very accessible location on the Columbia with a dry sunny climate, very visible wind towers and the John Day dam nearby. Since 2006, Seder Architecture + Urban Design has teamed with PARC Resources to envision renovations to the former elementary school to better serve the community as a Community Center. In the last five years with our addition of a Renewable Energy Visitor Center, the **RCC** + **Energy Center** has gained widespread knowledge and support from key state leaders in government, renewable energy, education and tourism.

More recently, Seder & PARC again collaborated in each of our disciplines on an innovative Rufus Town Center & Strategic Plan in 2012 to integrate not only the RCC + Energy Center, but a number of and coming projects other current and As well as having recently improvements. established the Rufus Industrial Park, a developer has recently broken ground on Phase 1 of a 53 lot Gorge Vista Housing Development in town. The highway department will repave and add streetscapes to the main street (i.e. the state highway) in the town center. Our plan also establishes an innovative new pathway beneath freeway and thru two large culverts to directly connect the town center to the three miles of Columbia Riverfront for pedestrians and cyclists.

## RUFUS TOWN CENTER AND STRATEGIC PLAN

#### CITY OF RUFUS, OREGON

PARC RESOURCES SEDER ARCHITECTURE + URBAN DESIGN FEBRUARY 10, 2013

## The Twisp Complex

PARC Resources: 2008 - 2010

PARC Resources conducted a community-wide needs assessment and Business Feasibility Study on acquiring a surplus 6.8-acre forest service complex located in the heart of Twisp, Washington in the Methow Valley. We were able to determine a re-use strategy and determine an acceptable purchase price based on debt service capacity. After the purchase was made and closed, we completed a community-based planning process that resulted in a complete Master Plan and Business Plan for the next ten years for the complex to be fully re-utilized. The project has been renamed "Twisp Works" and is managed by a Public Development Authority. It has sustainable revenue streams to complete the redevelopment of the site over the next ten years.

## City of Rockaway Beach – City Hall

#### PARC Resources

The City of Rockaway Beach hired PARC to develop the feasibility study for their combined City Hall and Community Center in 1999. The plan included a market analysis and operating budget for the community center in relation to the cost of construction the building. Once the plan was finalized and adopted by the City Council, the City hired

PARC Resources to provide grant writing services, raising more than \$550,000 in private and state grants to supplement the USDA Facilities Loan and local contributions. The facility was completed by 2003 and remains open and much-used by the community today.

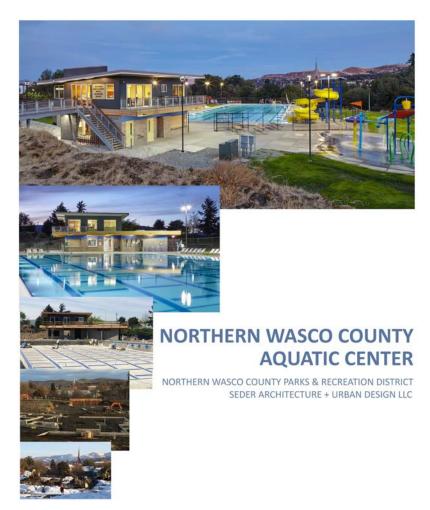

## Thompson Park Master Plan, Phase One Design and Feasibility, and Design and Realization of new Northern Wasco County Aquatic Center

Seder Architecture + Urban Design 2009-present

Working with a parks and facilities committee as well as parks director and personnel, we provided

a strong vision-oriented Park Master Plan in 2009 based on capturing the maximum value of this well-located community park and resource. Our Master Plan centers on the creation of a new all-season multi-use aquatic, recreation and community center with incredibly high community and visitor visibility and access including directly from Interstate 84 and from the major community thoroughfare, Second Street. The new facility strongly showcases its multi-use recreation and fun aspects to passers by through major glazing of the entire street façade, while at the same time serving to shield all parklands from intrusive traffic and transportation impacts. A shelter and trail system take full advantage of the wonderful natural features of large rock outcroppings and the wild Mill Creek Canyon in this urban setting, with a community performance and lounging amphitheater set into a natural rock bowl.

We followed quickly from our Master Plan with the design and feasibility work for Phase One of the proposed overall park improvements. Phase I establishes the new aquatic and recreation center plus a new skateboard park and other initial site improvements. In 2011, we were asked to continue our design and project work, to realize the new Aquatic Center and related facilities, which opened in the summer of 2014. Easily visible from the I-84 freeway and very accessible from the community, the Northern Wasco County Aquatic Center, including new 50 meter/8 lane pool, splash park, Bathhouse with Concession and Parks District Offices and skateboard park has enjoyed tremendous Future popularity and success. phases will add other community facilities to the center and much enhance the park site with new and improved trail and shelter system, new tennis courts, restrooms and the new multi-use amphitheater.

## **Chapter 3: The Existing Pavilion**

Located just off Highway 97, the community Pavilion is a clearly visible landmark that unifies and symbolizes the community of Grass Valley. The building is surrounded by large and mature deciduous trees, sprawling lawns, and a seasonal stream. The 5,000 square foot one-story Pavilion also sits as the corner building on a major community intersection. With the crossing North Street leading to the Grass Valley/South Sherman County Elementary School and to the popular and growing Oregon Raceway Park only two miles from town,

it is a great location for the building. Further, it is nestled in idyllic surroundings, adding to the charm of this community landmark.

The Pavilion is a much beloved historic structure built circa 1916, which is "the" site in Grass Valley for large gatherings and community events. The construction is typical of the period in which it was built, and the overall structure is reminiscent of a barn with a stage, large open floor, and high ceilings, adding to the character and functionality of the building. As a community gathering point, the building should be familiar, open, accessible, and inviting, and this building achieves those goals, including ADA accessibility. This

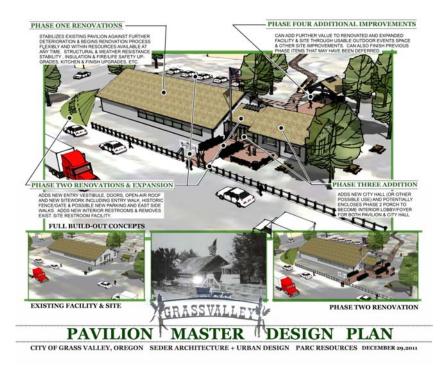

makes it ideal for a wide variety of events. For nearly 100 years, the building has hosted weddings, funerals, birthday parties, meetings, banquets, movies, plays, concerts, and even roller skating. It is truly a multipurpose facility that is the community's first and best option for any sort of gathering.

Despite all of the positive features of the building, the simple fact is that the building is nearing its 100<sup>th</sup> anniversary and much of the necessary maintenance to keep the building in good condition has been deferred due to budget constraints. Therefore, the community is committed to refurbishing the building and keeping it functional for another century.

City of Grass Valley, Oregon – Pavilion Capital Campaign Plan Prepared by PARC Resources Overall, the building is stable and will be useful for another few years. However, there are underlying problems that need to be addressed including cracks in the footings, points in the ceiling that sag, walls that are out of alignment and out of plumb, and outdated electrical and plumbing that will need to be brought up to current standards and codes. Other critical problems are the need for new and additional insulation, replacing windows and generally improving the energy efficiency of the building. Because of the poor insulation, the building is drafty and costly to heat, which is both uncomfortable and expensive for the City to operate in the winter.

In addition to the wear and tear of the aging building, there are also design flaws such the lack of bathroom facilities within the building. Instead, building patrons rely on an outdoor bathroom structure that is closed during the winter months. It is unclear whether the building contains hazardous substances such as asbestos. An exterior concrete ramp and railings in addition to the two steps to access the building at the main level, do give ADA-required access to this level, although not to the stage level. It also appears that the Auditorium should have a second and well separated means of fire egress, as the two exits either side of the stage go immediately up staircases and to non-existent and inadequate exterior exit balconies. Addressing these structural drawbacks is critical to enhancing the building for the health, comfort, and safety of patrons.

PARC Resources recommends restoring the building and addressing the critical concerns mentioned above. The building has significant historic and sentimental value to the residents of Grass Valley for obvious reasons. In addition, the cost of restoring the building is lower than new construction for a building with similar functionality, so there is no logical reason to build a new facility. Seder Architecture + Urban Design created the conceptual drawings for this facility, including descriptions of each construction phase as shown below.

City of Grass Valley, Oregon – Pavilion Capital Campaign Plan Prepared by PARC Resources

# CITY OF LOWELL COMMUNITY FACILITIES STUDY

RFP Title: Community Facilities Study RFP #2018-02

Proposer Primary Contact Mark Gillem, PhD, FAIA, FAICP 800 Willamette Street, Suite 790 Eugene, OR 97401

M. 510-551-8065 mark@urbancollaborative.com

Date of Submission October 10, 2018

Prepared for: City of Lowell Jared Cobb, City Administrator 107 East Third Street Lowell, OR 97452

Response to Request for Proposals October 10, 2018

### TRANSMITTAL LETTER

October 10, 2018

Jared Cobb City Administrator City of Lowell 107 East Third Street Lowell, OR 97452

#### RE: Proposal for City of Lowell Community Facilities Study, RFP #2018-02

Dear Mr. Cobb and Members of the Selection Team,

I am pleased to submit our proposal for the City of Lowell Community Facilities Study. **The Urban Collaborative** (UC) is more than qualified to fulfill all services within the scope of work and project goals and objectives identified in the Request for Proposals. The UC is an interdisciplinary design firm that has prepared master plans, comprehensive plans, form-based codes, land use plans, and facilities concept plans regionally, nationally, and across the globe. As a local firm, we can provide on-site support throughout the entire project process. Moreover, we are currently working with the Lowell community to develop a Downtown Master Plan and would apply our experience to this next step in planning. The team will work closely with the City of Lowell, City Council, Downtown Master Plan Steering Committee, staff, residents, and other stakeholders throughout the design process. Working with the people who will implement and use the community facilities will ensure our team's ability to develop concept plans that reflect the community's vision and meet the needs and desires of staff and residents.

Our projects in the region include preparing concept plans, renderings, and a cost estimate for the Lutherwood Lodge and Administration building in Cheshire, Oregon. The plans, developed though a participatory process, included several community facilities. In Wilsonville, Oregon, our team developed architectural design standards for the Old Town neighborhood, including concepts for four distinct building types that adhered to the neighborhood's desired historic character. In addition, we have experience in similar scale community facilities studies and concept plans as a result of our work with the Department of Defense at installations in the U.S. and around the world. Similar to small towns, installations have limited budgets and a need for beautiful administrative and community facilities within their areas. Our team designed the Torii Community Center and Library at an American military base in Japan that supported a community of families similar in size to Lowell.

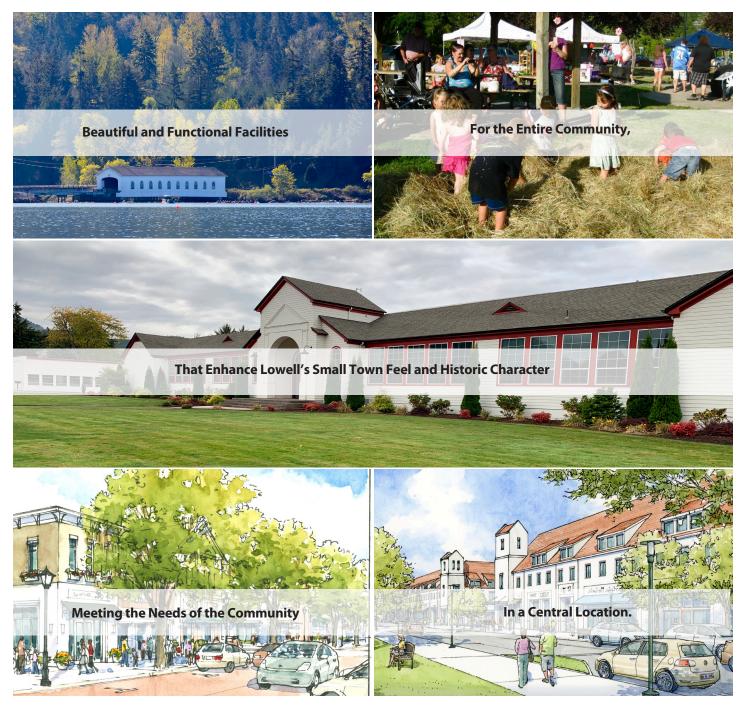

The UC is known for creating award-winning plans that promote the vision and goals of the community. Our comprehension of your objectives for the Community Facilities Study has guided the assembly of a team with a proven track record in community engagement, facilities studies, building concept plans, and cost estimates. We have enjoyed working with the City of Lowell during the first stages of developing the Downtown Master Plan and are eager to further collaborate with local government and community members in this important and exciting work. If you have any questions, please contact me anytime at mark@urbancollaborative.com or by phone at 510-551-8065.

This proposal is irrevocable for 70 days from the proposal opening date.

Sincerely,

Mark Gillem/ PhD/ FAIA, FAICP Principal The Urban Collaborative, LLC

# **A New Vision** for Community Facilities in Lowell

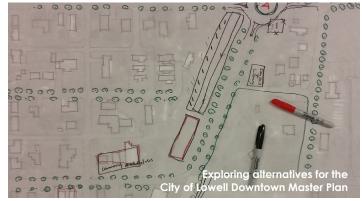

This vision supports the emerging Downtown Master Plan vision and goals and the 2018 Strategic Plan Vision of "A rural lakeside community, with a high quality of life, great outdoor activities, proud of our history, looking forward to the future through a representative government."

The Urban Collaborative's planning process starts with reviewing previous planning documents and working with the city and stakeholders to understand the opportunities and goals of the community. We use this information as a base to help the community create a new vision for future community facilities that addresses the administrative needs of the City, responds to the desires of the community, and identifies priorities for implementation.

## EXPERIENCE

The Urban Collaborative has ample experience conducting community facilities studies for communities of all sizes. These studies help to identify the vision and components of concept plans for civic buildings. We have **completed architectural concept plans for over forty communities** worldwide. Our team is currently working with the Lowell community to develop the Downtown Master Plan and has experience working with other municipalities of similar size including a Joint Comprehensive Plan for the town of Emporia, Kansas, and community planning work at small American military installations around the world.

The UC has developed facility plans for numerous communities similar to Lowell, including a lodge and administrative building at a youth summer camp for Camp Lutherwood in Cheshire, Oregon; a Community Center and Library, Fire Station, and a Community Club for the Marine Corps Air Station Iwakuni; and administrative head quarters and flexible training facilities for several installations. These communities, while diverse, are of the same size as a small town and have similar needs and wants for their community and administrative facilities. Throughout each of these projects our team uses a participatory planning process to **engage communities and ensure the proposed facility design serves the needs and desires of the community** or the organization. The UC has experience in preparing budget estimates for the design and construction of public facilities. In 2017 our team completed a Customer Concept Document for the Joint Operations Center at Fort Polk. Like a small town, the DoD installations we work with need a facility that could meet multiple needs on a tight budget. We help our clients in identifying funding, including securing grant funding. We design flexible spaces for potential income generating activities such as event rooms that can also be classrooms. Our team works with stakeholders to ensure a realistic budget for conceptual projects so a planning board can identify funding sources. It is our goal to help the City of Lowell to plan for future capital expenditures and inform the community about its capital needs while building a City Hall that supports the community's vision.

# **Our History and Services**

The Urban Collaborative (UC) is a planning and design firm headquartered in Eugene, Oregon that helps communities establish a collaborative vision and define implementation plans to achieve their goals. The UC has a reputation for creating great places through community engagement, stakeholder collaboration, and context-based planning. Established in 2006, we have received over 35 national, state, and local planning and design awards. With 24 staff members with degrees in planning, architecture, landscape architecture, economics, and engineering, our multi-disciplinary team thinks creatively and brings expertise in planning and design along with effective implementation tools to all of our projects.

The Urban Collaborative provides the following services:

- Comprehensive Planning
- Architecture
- Strategic Visioning + Analysis
- Form Based Planning
- Street Design Guidelines
- Concept Plans
- Programming Documents
- Sustainability Analysis
- Transportation Planning
- Public Facilities Planning
- Low-Impact Development
- Resiliency Planning
- Implementation Plans

## PROPOSER QUALIFICATIONS: Project Team

#### MARK GILLEM PhD, FAIA, FAICP

Principal, Senior Architect, The Urban Collaborative Professor, University of Oregon

#### Education

Architecture PhD, University of California, Berkeley Master of Architecture, University of California, Berkeley Bachelor of Architecture, University of Kansas

#### **Professional Registrations**

Oregon Registered Architect, #6082 California Registered Architect, #C27707 Fellow, American Institute of Architects (FAIA) Fellow, American Institute of Certified Planners (FAICP) Director, International Association for the Study of Traditional Environments (IASTE)

#### Qualifications

Dr. Gillem has extensive experience in helping communities develop strategic visions that drive sustainable development. He has completed plans at a range of scales; from comprehensive plans at over 60 sites to numerous conceptual architectural plans (15% design). His planning work has received over 30 awards from the American Planning Association Federal Planning Division (APA FPD).

#### **Selected Projects:**

#### City of Lowell, OR, Downtown Master Plan

As the principal-in-charge, Dr. Gillem oversees all aspects of the Downtown Master Plan. He works directly with the in-house project manager and collaboratively with the Steering Committee and stakeholders to ensure the needs and desires of the community are met.

#### Torii Community Center and Library, Iwakuni, Japan

As the lead architect and principal-in-charge for this customer concept document Dr. Gillem's participation ensures the architectural designs meet the intent of the master plan and detailed form-based code developed under a larger real property master planning project. This 15% conceptual design architectural project includes a youth and teen center, library, and town pool. He worked directly with senior officials and stakeholder. This architecture project is one of nine projects developed at Iwakuni.

## Camp Lutherwood Lodge and Administrative Offices, Cheshire, OR

As the principal-in-charge, Dr Gillem oversees all aspects of the Lodge and Administrative Offices Complex. He works directly with the in-house project manager and collaboratively with the Camp Master Plan and Development Steering Committees, numerous focus groups, and community working sessions.

#### Parks RFTA Training Center, Dublin, CA

Dr. Gillem was the lead architect and principal-in-charge for this customer concept document. His involvement ensures the architectural designs meet the intent of the master plan developed under his guidance. This 15% conceptual design architecture project included two Marine Corps Reserve Centers with Administrative, Physical Training, and Vehicle Maintenance Centers.

#### Joint Operations Center, Alexandria, LA

Dr Gillem oversaw all aspects of this 15% conceptual design. The operations center laid the framework for all customer concept design and cost estimating for the U.S. Army.

#### Emporia and Lyon County, KS, Joint Comprehensive Plan.

As principal-in-charge and senior planner, Dr. Gillem guided the visioning process and facilitated an intensive planning charrette. He helped transition the city and county from a land use plan to a regulating plan in order to better implement the community's goals. Dr. Gillem led stakeholders and a team of planners to develop a principles, goals, and objectives to meet the community's vision and needs for a sustainable future.

## Tacoma, WA, Joint Base Lewis-McChord Comprehensive Plan.

Senior planner and principal-in-charge of the master plan process. The project included direct planning with the local municipality an state department of transportation to solve major traffic issues. (Outstanding Sustainable Planning Design or Development, 2008; Outstanding Federal Planning Project, 2010)

#### Wilsonville, OR, Old Town Single-Family Design Standards

Dr. Gillem, as architect and senior planner, led the development of simple and flexible standards that helped to met the community's desire to continue the historic character of their neighborhood.

#### Yakima, WA, Training Center Area Development Plan.

As principal-in-charge, Dr. Gillem led the effort for the U.S. Army's premier Pacific Northwest range and training installation. A small developed area, located on the west side of the 328,000 acre training complex, contains the parade field, headquarters and other support facilities for both permanent and transient units and families. The entire plan was designed using a natural, historic, and built systems overlay analysis methodology.

#### Clayton, OH, Comprehensive Plan.

As principal-in-charge, Dr. Gillem led the charrette facilitation and land use regulating plan development. In a diverse community, Dr. Gillem worked extensively with local government to ensure that all needs of the community were met. He helped to align the future land use plan with the community's goals, which will enable Clayton to grow while preserving their agricultural land and unique character.

# PROPOSER QUALIFICATIONS: Project Team

### ZOE ANTON, LEED AP ND, PMP

Project Manager, Planner The Urban Collaborative

### Education

Master of Science, Environmental Policy and Regulation, London School of Economics and Political Science (LSE) Bachelor of Arts, International Relations, Bachelor of Arts, French, University of Oregon

### **Professional Registrations**

U.S. Green Building Council, LEED Accredited Professional Project Management Certification, Association for Project Management

### Qualifications

Ms. Anton has over eight years of experience in sustainable design and development, urban planning, and policy development. She has managed projects at various scales and consistently keeps projects on schedule and within budget. Ms. Anton has served as primary and contributing author to numerous comprehensive plans, economic development strategies, and community facilities studies. Her focus is on participatory planning, sustainable growth, and capacity building throughout the planning process.

#### **Selected Projects:**

#### Downtown Master Plan, City of Lowell, OR

Ms. Anton is currently the project manager and planner for the Downtown Master Plan. She has worked collaboratively with the Steering Committee and stakeholders to ensure the needs and desires of the community are met.

#### Old Town Single-Family Design Standards, Wilsonville, OR

As project manager, Ms. Anton directed all aspects of the process from initial analysis and stakeholder engagement to presenting at public hearings.

### Joint Comprehensive Plan, Emporia and Lyon County, KS

As project manager, Ms. Anton led the overall project process as well as facilitated all community engagement, including one-on-one interviews, designing and implementing a web survey, leading focus groups, and cofacilitating a week-long planning charrette. She conducted a public facilities study and developed a phased implementation plan aligned with the community's vision.

### Comprehensive Plan, Clayton, OH,

Ms. Anton co-facilitated the design charrette and worked specifically to align a new nodal development plan with the community's economic development goals.

### BARRY GORDON, AICP, LEED Green Associate

Senior Planner, Landscape Designer The Urban Collaborative

### Education

Master of Landscape Architecture; Master of Community and Regional Planning, University of Oregon Bachelor of Science in Community Development and Applied Economics, University of Vermont

### **Professional Registrations**

American Institute of Certified Planners (AICP) U.S. Green Building Council, LEED Green Associate

### Qualifications

Mr. Gordon has extensive experience in sustainable design and development, education and training, policy development, public and private sector urban design, and landscape preservation planning. He has completed plans, form-based codes, and implementation plans for cities and communities at a range of scales worldwide.

### Selected Projects:

#### Torii Community Center and Library, Iwakuni, Japan

Mr. Gordon is currently in his third year as the program manager and senior planner for this large planning program. He has led and or assisted in the facilitation of architecture and planning workshops and helped complete over 100 project deliverables from large-scale planning reports to detailed form-based codes, and 15% conceptual design architectural project. He works directly with senior officials and stakeholders alike.

### Lutherwood Lodge and Administrative Offices, Cheshire, OR

As the quality assurance manager, Mr. Gordon reviewed all planning deliverables with the project team for quality and consistency prior to delivery to the client and then with the client and stakeholders during the design review period.

### Parks RFTA Training Center, Dublin, CA

As a project planner, Mr. Gordon assisted in all aspects of a series of workshops that generated the planning vision and form-based code that informed this project. He worked with stakeholders, the planner from the adjacent city of Dublin, and the developer, ensuring an implementable project.

#### Joint Operations Center at Fort Polk, Alexandria, LA

As the quality assurance manager Mr. Gordon reviewed all planning deliverables with the project team for quality and consistency prior to delivery to the client.

# PROPOSER QUALIFICATIONS: Project Team

### CHRIS BECKER, LEED Green Associate

Architectural Designer The Urban Collaborative

Education Bachelor of Architecture, University of Oregon

### **Professional Registrations**

U.S. Green Building Council, LEED Green Associate

### Qualifications

Mr. Becker has over six years of experience in facilitating, urban design, and master planning. He brings expertise in graphic design, 3D modeling, architectural design, sustainable urban planning, and energy modeling. He works to ensure the project vision and goals developed with clients are reflected in the high quality products delivered at the end of the project.

### **Selected Projects:**

### Torii Community Center and Library, Iwakuni, Japan

Mr. Becker facilitated youth and adult focus groups and architectural design workshops. As the technical lead of the community's form-based code, he ensured the facility conforms to the form-based code, the community's needs, and the surrounding architectural styles. He also assisted in preparing an estimated capital construction budget.

# Maintenance Facility and Administrative Center, Siting Study, Havelock, NC

As a technical lead, Mr. Becker helped execute all aspects of the project to ensure successful facility design and community engagement in the process. He conducted one-on-one interviews with stakeholders, drafted architectural plans, and helped prepare budget estimates for design and construction of the facility.

#### Lutherwood Lodge and Administrative Offices, Cheshire, OR

Mr. Becker met with clients and assisted with the architectural design documentation. He performed project quality and consistency reviews prior to delivery of the plans to the client.

# Joint Operations Center, Customer Concept Document, Alexandria, LA

As an architectural designer, Mr. Becker assisted with the development of architectural plans, renderings, graphic communication, and facility programming documents. Additionally, he supported the overall quality assurance and quality check team.

### LINDSAY JACOBSON

Assistant Planner, Architectural Designer The Urban Collaborative

### Education

Master of Architecture, Ecological Design Certificate; University of Oregon Bachelor of Arts in Interior Architecture, California State University in Sacramento

### Qualifications

Ms. Jacobson is a Masters of Architecture graduate and has five years education and experience specializing in ecologically-focused architecture and planning. She has demonstrated understanding of the relationships between environmental and socio-cultural ecological processes, sustainable architecture and urban development, and how design and planning disciplines collaboratively approach these relationships.

# Selected Projects:

### Downtown Master Plan, City of Lowell, OR

Ms. Jacobson is currently the assistant planner for the Lowell Downtown Master Plan. She co-facilitated the downtown design workshop and is working with community members, Steering Committee members, and stakeholders to develop a new master plan for downtown Lowell.

### Kintai Inn Lodge & Conference Center, Iwakuni, Japan

Ms. Jacobson assisted in the design for the Kintai Inn Lodge and Conference Center. She developed the Revit 3D Model, produced final architectural drawings for the customer concept document, and performed an energy analysis for the project.

#### Old Town Single-Family Design Standards, Wilsonville, OR

As a design assistant, Ms. Jacobson helped to develop and create 3D models and graphics illustrating the new design principles of the form based code for Old Town's Residential architecture.

### Avionics Repair Facility Conceptual Design, NAS Lemoore, CA

As an architectural designer, Ms. Jacobson produced the Revit 3D Model and the final plans, sections, and elevations for the new facility conceptual design. She performed thorough energy calculations and systems analysis for the program needs for the facility, and created photo-realistic interior and exterior renderings for the project.

# PROJECT APPROACH AND UNDERSTANDING: Schedule + Scope

# **Proposed Process**

# November 2018

### PRELIMINARY ANALYSIS

As a result of the planning process for the Downtown Master plan, our team is familiar with many past planning efforts in Lowell. We will build on our current analysis of existing conditions. This stage will further allow us to learn from existing reports and plans and ongoing efforts. We will:

- Evaluate previous city planning work that addresses City Hall, the library, and other community facilities
- Assess current zoning and land use, including any new proposals being developed during the Downtown Master Plan process
- Explore current administrative needs and community desires for an updated or new City Hall and community building
- Analyze Lowell's current community facilities and how they could be improved to better contribute to the overall goals of the community as well as contribute to economic development

This analysis and the corresponding recommendations would be presented to the Downtown Master Plan Steering Committee.

### **KICKOFF MEETING + STAKEHOLDER INTERVIEWS**

We will attend a kick-off meeting with the Steering Committee to discuss the current state of the City Hall and Library building, potential project sites, and facility needs, as well as relevant findings from the Downtown Master Planning process. In addition, our team will conduct interviews with stakeholders including City staff, residents, and other stakeholders to better identify and prioritize community facility needs.

### DRAFT CONCEPTUAL PLANS DEVELOPMENT

Our team, building on public engagement input, will draft two conceptual plans for the City Hall and Library facility. One will address the rehabilitation of the existing facility and the other will present a conceptual plan for a new facility. Each draft conceptual plan will include the following elements:

- Floorplan
- Elevations
- Interior design rendering
- Exterior design rendering
- High level cost estimate

# PUBLIC COMMUNITY WORKSHOP

Our team follows a proven methodology for participatory planning and design. As part of this process we will conduct a half-day community workshop, or two evening sessions of two hours each, for staff and residents. Throughout the workshop we will work with dedicated stakeholders and community members to refine a clear vision, goals, and objectives for community facilities in Lowell. In addition, we will consider design opportunities that could generate revenue and help Lowell meet its economic goals. In order to ensure informed planning decisions for the City, we will work with participants to analyze and refine the components of a rehabilitated or new facility, which will lead to a better understanding of the community's preferred conceptual plan.

April 2019

With this analysis in place, our team will evaluate relevant courses of action for the City Hall and Library. This will help to outline priority needs and functions for the facility in the near term.

### STEERING COMMITTEE REVIEW MEETING

We will attend and present at a Steering Committee meeting to review outcomes from the public workshop and identify a preferred conceptual plan to carry forward.

# FINAL CONCEPTUAL PLAN DEVELOPMENT

Based on the comprehensive analysis, community input, and Steering Committee review, we will develop a final concept plan for the preferred approach. The final conceptual plan will include the following elements:

- Floorplan
- Elevations
- Interior design renderings
- Exterior design renderings

### DETAILED COST ESTIMATE DEVELOPMENT

Our team will develop a parametric cost estimate based on the preferred conceptual plan for the Lowell City Hall, Library, and Community Facility.

## DRAFT SUMMARY PLANNING DOCUMENT

Our team will prepare a summary planning document that incorporates the conceptual plan and cost estimate as well as documents the planning process. The report will help the City plan for future expenditures while also informing the community about capital needs.

### FINAL SUMMARY PLANNING DOCUMENT

Following a Steering Committee review, our team will incorporate comments and prepare a final summary planning document for the City Council's review.

### PRESENTATION TO CITY COUNCIL

Our team will present the planning document and conceptual plan to the City Council for adoption. The report will address facility needs for administration as well as other services that are desired by the community and identify priorities. The Urban Collaborative will facilitate a process that engages a wide range of community stakeholders. Our focus is on the creation of places rather than objects, and we think a strong vision is the key to successful community facilities. From the community's vision we will evaluate design opportunities that promote economic development and generate revenue. Throughout the process we will work with the City to develop a program that meets the needs and wants of the community.

Our philosophy and work approach is focused on four key areas:

**Collaboration.** We have pioneered a process that integrates the goals and needs of all involved, whether actively or passively, in an engaging and effective manner. We have deep knowledge and expertise in survey methods, focus groups, charrettes, and participatory facility planning, and we use these skills on all of our projects.

Our firm does not accept development ideas and programs at face value though. As our clients educate us on the nuances of their unique community that may impact planning, we also educate our clients on creative solutions that harness these attributes as **opportunities for economic and cultural growth** in the future.

This process results in more informed facility plans that serve the organization and the community.

**Placemaking.** We believe in the design and creation of great places. By working with community members to create these places, they are more invested in the outcome, and more likely to support urban amenities that lead to a more vibrant building and community.

We facilitate this process by working with community and organization members to create a facility vision as the first step. With the vision guiding the remainder of the process, we keep stakeholders focused on the overall objectives of the broader community and previously established economic goals.

Creating great places draws people to downtowns and neighborhoods, spurring private development and contributing to a thriving economy.

**Economic Sustainability.** Our goal is to create places that are economically, environmentally, and socially sustainable. We will focus on including the city's economic development goals as a foundation of this community facilities study.

Through our preliminary analysis, we will evaluate previous planning studies, existing administrative needs, and analyze Lowell's current facilities for design opportunities which could stimulate economic development.

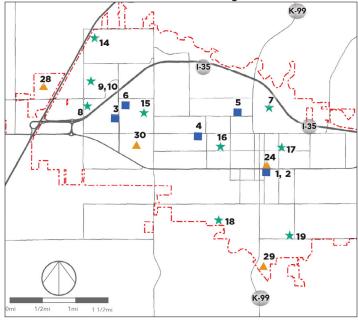

By conducting interviews with staff, residents, and stakeholders, our team will build on our **experience developing the Downtown Master Plan** to produce realistic and sustainable conceptual plans for the community facilities. **Responsiveness.** We pride ourselves on being responsive to client needs and in our ability to orchestrate collaborative planning efforts for communities.

The UC will provide informed recommendations to **meet the needs and wants of the community** through the development of two conceptual plans for the City Hall and Library facility; one to address the rehabilitation of the existing facility and the other to present a conceptual plan for a new facility.

With the collaboration between stakeholders and the steering committee, the Urban Collaborative will facilitate the evaluation and analysis of the alternative plans in order to develop a recommended plan for the City Council to review and adopt.

# Torii Community Center and Library Customer Concept Document (Iwakuni, Japan)

**The Urban Collaborative** led a public engagement process to generate conceptual architectural designs for a library, community center, teen center, and neighborhood pool. The project is located in the town center of Marine Corps Air Station Iwakuni - a growing small community of overseas families. Our team held **focus groups with youth, parents, adult community members, library staff, community planners, and key decision-makers** to determine a vision for the facility, the appropriate siting, and architectural plans to meet the client's and the community's needs.

The process resulted in a vision statement and architectural concept for the facility: a contemporary mixed-use building that is welcoming to the community, with clearly defined spaces, incorporating narrow wings and collaborative spaces.

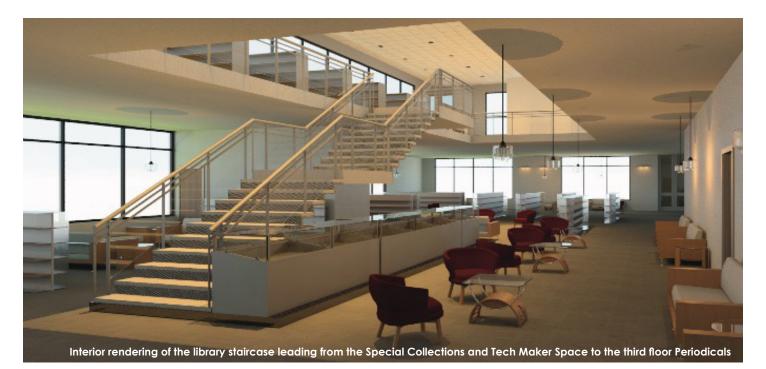

The contractor and stakeholder team **analyzed multiple sites** and identified its preferred location. The site, located in the community's foremost residential and community-focused area, also sits adjacent to the installation's central park. Library staff and community planners worked with our architects to determine the building's programmatic requirements to include multi-purpose rooms, teen storage cubbies and hang out areas, maker rooms, reading alcoves, and staff work stations, personal offices, and break room/kitchen.

The UC created **architectural design alternatives and the preferred plan by** following the design vision, goals, and objectives, and inspiration gathered from stakeholder groups.

## **Project Reference:**

Mr. Emilio Rovira Planning Division, Facilities Dept MCAS Iwakuni, Misumi-Cho Iwakuni-Shi, Yamaguchi-Ken Japan, 740-0025 emilio.rovira@usmc.mil +81 827.79.6403

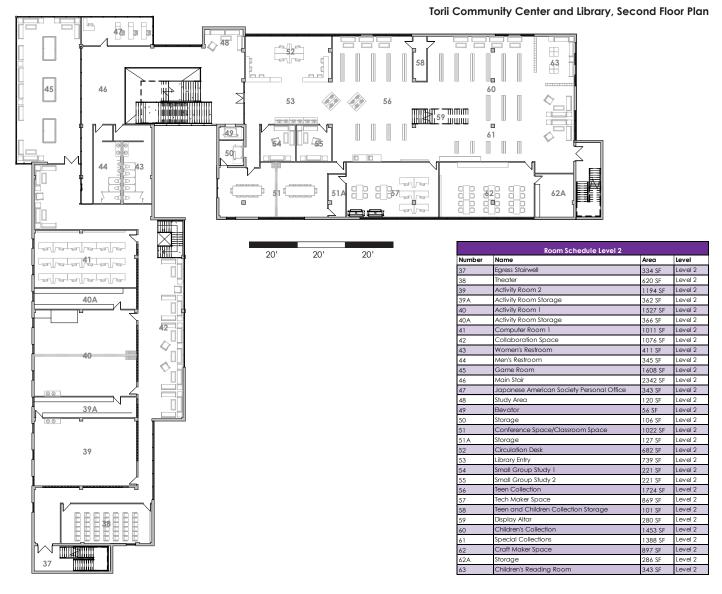

The conceptual design for the Torii Community Center and Library has narrow wings to create opportunities for **passive design strategies**, such as natural light and ventilation. The L-shape footprint allows for the segregation of different types of uses, including **public and administrative spaces**.

Our team of architects and planners developed a **detailed project cost estimate** based upon the selected conceptual design. We worked with our client to develop presentation materials for the planning board.

The deliverable establishes a planning framework for the facility and will reduce the design time, limit design changes and conserve design funds.

- Public Engagement (including a fourday workshop, 40 interviews, open houses, focus groups, and follow-on reviews with stakeholders)
- Community Vision and Principles
- Focus Groups with Staff, Youth & Adults
- Site Identification within Master Plan
- Conceptual Floor Plans, Sections and Renderings
- Cost Estimate
- Energy Modeling

# Camp Lutherwood, Cheshire, Oregon Lodge and Entry Facility Customer Concept Documents

In 2016 **The Urban Collaborative** completed a set of two customer concept designs for a youth summer camp in Cheshire, Oregon. The customer concept designs were part of a multi-year collaborative effort starting with the camp's master plan and continuing through the schematic design and preliminary cost estimate of the new buildings on-site.

The Urban Collaborative engaged over 250 participants in 14 workshops and focus groups over a period of four-years to complete the Master Plan and customer concept designs. During the customer concept design process, the team relied and built on the information collected during the previous workshops by facilitating focus groups, stakeholder workshops, and individual interviews aimed at creating a vision and identity for the new facilities that aligned with the overall Master Plan.

To understand the requirements for the new facilities, the team completed a detailed site and existing building analysis through interviews, creating as-built drawings of the existing buildings, reviewing utility and man-made/natural constraints, and facilitating site-walks with stakeholders.

Through exhaustive analysis of site constraints and opportunities, detailed document review, and comprehensive engagement with stakeholders the camp can move forward with energy-efficient, rustic-modern development that aligns with the master-plan, has been approved by the majority of stakeholders including the board of directors, and builds on their operational vision and growth strategy.

### Lodge Vision:

"Our vision of the lodge is a series of flexible spaces made of natural materials, flooded by natural light, with a strong connection to nature from within."

### Entry Vision:

"Our successful entry is a place that is efficient, welcoming, and safe, with clear signage and wayfinding. The entry should contain buildings with complimentary functions, ample and hidden parking, and appropriate landscaping to help set the tone for the camp upon arrival."

# Dublin, California Parks RFTA Training Center, Customer Concept Document

The UC developed a customer concept document for a new Reserve Center for the Marine Forces Reserve Command in Dublin, California. The report outlines a **comprehensive set of program requirements** for the design and construction of a new Marine Corps Forces Reserve Training Center at Parks Reserve Forces Training Area.

The Parks RFTA Training Center, customer concept document includes a conceptual site plan linked to an existing master plan, conceptual floor plans and elevations were linked to the Installation Design Guide and master plan design standards, conceptual building sections, a systems narrative, and a conceptual cost estimate.

The report also includes a **detailed program table**, a **summary** of the vision and planning patterns for the facility, and renderings of the facility. In addition, an energy model of the proposed project identifies a path towards net-zero energy.

The customer concept document enables the installation and MARFORRES to understand the implications of their requirements, validate the programmed areas and enable the project manager to facilitate design with a clear statement of customer requirements.

The plan **establishes a planning framework** for the facilities, and **will reduce the design time**, **limit design changes**, and **conserve design funds**.

# Alexandria, Louisiana Joint Operations Center, Customer Concept Document

This Customer Concept Document outlines a **comprehensive set of program requirements** for the design and construction of a new Joint Operations Center at Fort Polk.

A customer concept document includes a **conceptual site plan linked to the installation's Master Plan**, conceptual **floor plans for each floor linked to the Facility Standards**, conceptual **elevations for each side of the building linked to the Vision Plan**, conceptual **building sections**, a systems narrative, and a **conceptual cost estimate.** All of these elements are created at the planning level.

The report includes a **detailed program table**, a summary of the vision and planning patterns for the facility, and renderings of the facility. In addition, an energy model of the proposed project **identifies a path for energy efficiency**. A capital construction and design budget estimate based upon the architectural drawings, enable decision makers to plan for funding. These are all conceptual planning documents only and are not to be used for construction.

This customer concept document will enable the client to understand the implications of their requirements, validate the programmed areas and enable the project manager to facilitate design with a clear statement of customer requirements. It establishes a planning framework for the facility, and will reduce the design time, limit design changes, and conserve design funds.

# PROJECT COST

### **Project Budget**

| Community Facilities Study Tasks            | Total Cost   | <u>Total Hours</u> |
|---|--|--------------------|
| Stakeholder Interviews and Engagement       | \$1,050.00   | 15                 |
| Conceptual Plans Development                | \$12,650.00  | 235                |
| Public Community Workshop                   | \$2,200.00   | 32                 |
| Summary Planning Document and Cost Estimate | \$7,900.00   | 133                |
| Meetings and Presentations                  | \$700.00   | 10                 |
| Total Burdened Labor Cost                   | \$24,500.00  |                    |
| Travel, Printing, & Other Direct Costs      | \$390.00   |                    |
| TOTALS                                      | \$ | 425                |

### Assumptions

1. The City of Lowell and will provide background information, maps, and other technical knowledge.

2. The City of Lowell will be responsible for printing all draft and final deliverables other than materials used during meetings.

3. In-person meetings include two steering committee meetings, one public community workshop, and one City Council presentation.

4. The City of Lowell will coordinate outreach and public communication.

### Hourly Rates and Estimated Hours for Each Team Member

|                        |                 | Fully Burdened      |
|------------------------|-----------------|---------------------|
| <u>Position</u>        | Estimated Hours | <u>Hourly Rates</u> |
| Senior Architect       | 13              | \$150               |
| Project Manager        | 75              | \$90                |
| Senior Planner         | 14              | \$90                |
| Architectural Designer | 162             | \$50                |
| Assistant Planner      | 161             | \$40                |

### **ADDITIONAL SERVICES**

The Urban Collaborative has the capability to provide final design construction documents and specifications, energy modeling, LEED certification assistance (Neighborhood Development, Building Design and Construction, Interior Design and Construction), additional renderings and physical model making, construction administration, bid management, owners rep services, value engineering, design management if another firm is selected for the final design. For example, the Urban Collaborative can assist the city to identify a team to prepare the construction drawings and coordinate that process. Additionally, we can assist the city to identify a contractor team to build the project using a design-bid-build or design-bid approach and serve as the Owner's Representative through the entire process. We can help manage the financing process as well.

# CITY OF LOWELL, OREGON

## **RESOLUTION 706**

# A RESOLUTION ADOPTING A SUPPLEMENTAL BUDGET FOR FISCAL YEAR 2018-2019 AND MAKING SUPPLEMENTAL APPROPRIATIONS

**WHEREAS,** the City of Lowell budget for Fiscal Year 2018-2019 was adopted by the City Council on Tuesday, June 5, 2018; and

**WHEREAS,** an occurrence or condition which had not been ascertained at the time of the preparation of the budget for the current year requires a change in financial planning; and

**WHEREAS,** in order not to overspend appropriations, it is necessary to increase a program appropriation within the General Fund; and

**WHEREAS,** in accordance with local budget law, notice was published on November 15, 2018 of the public hearing that was held before the City Council on November 20, 2018.

# NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF LOWELL AS FOLLOWS:

The City of Lowell amends the budget for the fiscal year beginning July 1, 2018 and ending June 30, 2019 to include increases in revenues and appropriations within the following funds:

|                       | Current        | Change in      | Amended        |
|-----------------------|----------------|----------------|----------------|
|                       | Appropriations | Appropriations | Appropriations |
| General Fund          |                |                |                |
| Administration        | 131,504        | 0              | 131,504        |
| Parks & Recreation    | 152,095        | 135,000        | 287,095        |
| Police                | 29,106         | 0              | 29,106         |
| Community Development | 100,194        | 0              | 100,194        |
| Library               | 7,679          | 0              | 7,679          |
| Code Enforcement      | 16,560         | 0              | 16,560         |
| Tourism               | 12,850         | 0              | 12,850         |
| Municipal Court       | 13,682         | 0              | 13,682         |
| Transfers             | 2,000          | 0              | 2,000          |
| Contingency           | 77,488         | 0              | 77,488         |
| Total Appropriations  | 543,158        | 135,000        | 678,158        |

This resolution shall become effective immediately upon its passage by the City Council.

**ADOPTED** by the City Council of the City of Lowell this 20<sup>th</sup> day of November 2018.

### Explanation of change(s):

The City of Lowell has an opportunity to make improvements and expand Rolling Rock Park to Main Street. Funds will be used to purchase 53 E. Main Street. The purchased property will be used as match funding for a grant with the Oregon Parks and Recreation Department to make significant improvements to Rolling Rock Park, including irrigation, landscaping, parking and pedestrian improvements.

| SUBJECT: | Resolution 707 – Budget Transfers | □ ORDINANCE<br>□ PROCLAMATION |

## SUMMARY:

The Fiscal Year 2018/19 Budget identifies several budget transfers. As required by the City's Fiscal Management Policy and Procedures Manual, all budget transfers must be approved by the City Council prior to execution. The attached Resolution 707 completes all the budgeted transfers. Note: The actual transfers from the SDC Fund represent the total balance of each SDC at the end of FY 2017/18, which is less than the budgeted transfers.

□ REPORT

# **FISCAL IMPACT:**

The transfers were included in the Fiscal Year 2018-19 Budget and the transferring funds have the resources to complete the transfers.

# **COURSES OF ACTION:**

- 1. Motion to approve Resolution 707, as written.
- 2. Motion to approve Resolution 707, as amended.
- 3. No action.

### **RECOMMENDATION:**

Motion to approve Resolution 707, as written.

# SUMMARY:

At the October 30, 2018 Special City Council meeting the Council approved the purchase of 53 East Main Street. Staff proposes purchasing the property with \$30,000 in cash and a \$135,000 commercial loan at 4.5% to be repaid over a 15-year term. The attached resolution would authorize the City Administrator to complete the required loan documents with Banner Bank.

## FISCAL IMPACT:

The loan would be repaid from the General Fund in installments of approximately \$12,393 per year.

# CITY OF LOWELL, OREGON

### **RESOLUTION 708**

A RESOLUTION OF THE CITY OF LOWELL, LANE COUNTY, OREGON AUTHORIZING THE ISSUANCE AND NEGOTIATED SALE OF A FULL FAITH AND CREDIT OBLIGATION IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED \$135,000; DESIGNATING AN AUTHORIZED REPRESENTATIVE; AUTHORIZING EXECUTION AND DELIVERY OF A FINANCING AGREEMENT; AND RELATED MATTERS.

WHEREAS, the City of Lowell, Lane County, Oregon (the "City") is authorized pursuant to the Constitution and laws of the State of Oregon, namely Oregon Revised Statutes Sections 271.390, 287A.300 and 287A.315 (collectively, the "Act") to enter into a financing agreement to finance the cost of real and personal property as more fully described in Exhibit A attached hereto and herein incorporated by reference (the "Project") and pay the costs of issuance of such obligations; and

**WHEREAS,** it is advantageous for the City to authorize and enter into a financing agreement to finance the Project as described by Exhibit A.

# NOW THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF LOWELL AS FOLLOWS:

**Section 1.** <u>Authorization</u>. The Council hereby authorizes the execution and delivery of a financing agreement (the "Agreement") to finance the Project. The aggregate principal amount of the Agreement shall not exceed \$135,000 and the final maturity shall not be more than 15 years from the date of the Agreement. The rate of interest on the Agreement shall not exceed 4.50%.

**Section 2.** <u>Payments</u>. The payments for the Agreement shall be payable from the general, non-restricted revenues of the City and other funds which may be available for that purpose, including taxes levied within the restrictions of Sections 11 and 11b, Article XI of the Constitution of the State of Oregon. The obligation of the City to make payments shall be a full faith and credit obligation of the City, and is not subject to appropriation. The lender shall not have a lien or security interest on the property financed with the proceeds of the Agreement.

**Section 3.** <u>Designation of Authorized Representative</u>. Pursuant to ORS 287A.300(4), the City hereby authorizes the City Administrator (the "Authorized Representative") to act on behalf of the City and determine the remaining terms of the Agreement as specified in Section 4 of this Resolution.

# Section 4. Delegation of Final Terms of the Agreement and Additional Documents.

The Authorized Representative is hereby authorized, on behalf of the City, to:

a. Establish the agreement date, interest payment dates, interest rate (not to exceed the interest rate stated in Section 1 of this Resolution), principal payment dates and maturities, and final principal amount, not to exceed \$135,000 in the aggregate, and to establish prepayment provisions for the payments.

b. Prepare the Agreement which the Authorized Representative determines to be in the best interest of the City, and to execute and deliver the Agreement.

c. Enter into any other agreements and execute any other certificates or documents, and take any actions, which are necessary to finance the Project in accordance with this Resolution.

**Section 5.** <u>Maintenance of Tax-Exempt Status</u>. The City hereby covenants for the benefit of the lender to use proceeds of the Agreement and to otherwise comply with all provisions of the Internal Revenue Code of 1986, as amended (the "Code") which are required for the interest component of the payments payable under the Agreement to be excluded from gross income for federal income tax purposes, as provided in the Agreement. The City makes the following specific covenants with respect to the Code:

a. The City will not take any action or omit any action if it would cause the Agreement to become an arbitrage bond under Section 148 of the Code.

b. The City shall operate the facilities and equipment financed with the Agreement so that the Agreement does not become a private activity bond within the meaning of Section 141 of the Code.

c. The City shall comply with appropriate reporting requirements.

d. The City shall pay, when due, all rebates and penalties with respect to the Agreement which are required by Section 148(f) of the Code.

**Section 6.** <u>Bank Designation</u>. The City designates the Agreement for purposes of paragraph (3) of Section 265(b) of the Code as a "qualified tax-exempt obligation" since the Agreement does not constitute a private activity bond as defined in Section 141 of the Code, and not more than \$10,000,000 aggregate principal amount of obligations, the interest on which is excludable under Section 103(a) of the Code from gross income for federal income tax purposes (excluding, private activity bonds other than qualified 501(c)(3) bonds) including the Agreement, have been or shall be issued by the City, including all subordinate entities of the City, if any, during the calendar year 2018.

Section 7. <u>Resolution to Constitute Contract</u>. In consideration of the purchase and

acceptance of the Agreement, the provisions of this Resolution shall be part of the contract of the City with the lender and shall be deemed to be and shall constitute a contract between the City and the lender. The covenants, pledges, representations and warranties contained in this Resolution and in the closing documents executed in connection with the Agreement, including without limitation the City's covenants and pledges contained in Section 2 hereof, and any other covenants and agreements herein set forth to be performed by or on behalf of the City, shall be contracts for the equal benefit, protection and security of the lender.

**ADOPTED** by the City Council of the City of Lowell this 20<sup>th</sup> day of November 2018.
