New Business

Playground Fundraiser Currently have about \$2700 for playground equipment and Tony will have a donation booth at the Blackberry jam at the end of July and then we will close the donation period so we can purchase items.

Caboose George has been in contact with the city of Toledo and they will send us information on how to become a historical site. They also recommended that we cover the top of the caboose in the rainy season with tarping to reduce further damage. There is a museum in Salem that just had a similar caboose restored so members of the committee expressed interest in approaching them for specifics and who to talk to for restoration.

Trees in Paul Fisher Park: There appear to be three dead trees in the park. We understand that there is a warranty in place so we need to have the City notify the vendor that provided the trees become aware so they can be replaced. Joe Brazill agreed to notify the city of the need to follow up.

Jamming in the Park: This program appears to be cancelled without notification or rationale so Joe agreed to approach the City as to if they understand the cause so the Parks and Recreation Committee can be aware of what happened.

Other Business

Plaque for Hall at Paul Fisher park Joe will talk to the City about getting a memorial plaque at Paul Fisher Park for Hall.
