Yard of the Month Program

In May 2018, the City is starting a Yard of the Month Program. The goal of the program is to award and recognize the efforts of Lowell residents who take pride in their home and landscape, while inspiring others to do the same.

Award Information

- The Parks and Recreation Committee will select one home each month.
- The Committee will judge only the portion of the yard viewed from the street.
- The Yard of the Month program will start in May and end in October.
- The Committee will place a Yard of the Month sign in each winning yard for a month.
- Each resident may nominate any yard and landscape within the City, including their own.
- · Each yard may only win the Yard of the Month award once in a calendar year.
- City Council and staff are ineligible for the program.

Evaluation Criteria

The Parks and Recreation Committee will use the following criteria when choosing a Yard of the Month. These are only guidelines and the Committee will make a final decision based on the evidence that shows the homeowner's pride in his or her yard:

- Yard is well-groomed
- Landscape is attractive, with a variety of plants, shrubs, trees and materials
- Buildings, fences, porches, and patios on the property are in good repair
- · Yard is free of litter, junk and debris (no appliances or indoor furniture on porches or patios)
- Yard is free of inoperable or junked motor vehicles
- · House numbers are displayed attractively
- Extra consideration may be given to properties that have invested extra effort using attractive art pieces, potted plants, birdhouses, patio or lawn furniture, windsocks, or decorative mailboxes

Nominations

To nominate a yard, please send an email to <u>yardofthemonth@ci.lowell.or.us</u> 11 with the property address. Nominated property owners will be contacted and may elect to withdraw from consideration. Staff will take photographs of participating properties and submit to the Parks and Recreation Committee for review and consideration.

Award

A specially designed "Yard of the Month" sign placed in the winning front yard for one month, a certificate of recognition to the homeowner signed by the Mayor and presented at a Council meeting.

If you have any questions, please contact City Hall via email at yardofthemonth@ci.lowell.or.us [1] or by phone 541-937-2157.

Proposal for Landscape Architecture Services

Implementation of City's Downtown Master Plan Rolling Rock Park and Cannon Street Phases

Presented to the City of Lowell

September 30th, 2019

30th September 2019

Jared Cobb,

City Administrator

City of Lowell, OR

Re: Improvements to Rolling Rock Park and Cannon Street

Dear Jared,

We at DLA are excited to submit this proposal to you for the improvements to Rolling Rock Park and Cannon Street. Implementation for these plans will certainly transform the core area consistent with the City's Downtown Master Plan. We have enjoyed working with you on other projects and hope to maintain a good relationship with this consultation. As you will find in these pages, we are highly qualified to provide the design services as you have outlined in the Informal Solicitation. We have been designing parks and streetscapes in communities like Lowell over 25 years. More importantly we have designed similar community parks and streets recently and know how to achieve built products, on time and on budget. A recently completed project, the City Park in Veneta cost significantly less than the original estimate. We know how to get the most out of your budget.

We appreciate the work you are doing to implement real change and revitalization in Lowell. We would be excited to assist you with this next step which is sure to have a significant effect in enhancing the downtown. Please don't hesitate to contact me if you have any questions or would like to discuss any of the details in our proposal.

Respectfully Submitted David Dougherty, Principal

2.0 Project Understanding

<u>Understanding of Rolling Rock Park Improvements (Phase 1)-</u> The Rolling Rock Park Improvements are an essential component to the Downtown Master Plan. The central location of the park and its historical relevance are part of Lowell's identity and provide a unique space to bring the community together. We understand that the City of Lowell in conjunction with IPRE have formulated initial conceptual ideas for the park. We will work to incorporate previous committee ideas and engage with both the public and the City of Lowell staff to refine the conceptual plan and develop buildable documents for the park.

<u>Understanding of Cannon Street Festival Area (Phase 2)</u> The Cannon Street Festival Area will provide a dual use space on the edge of the park and function as downtown street. The scope outlines the preparation of a conceptual plan including site analysis, a preliminary design and design review meetings. There is also the optional service to provide construction documents, public bid documents and construction administration.

<u>Project Goals for the **Rolling Rock Park** Improvements</u> - We understand that the aim of the Rolling Rock Improvements are to enhance the central location of the park, create a diverse and vibrant open space and connect existing and future development to this central location. The park will accommodate a variety of uses, whilst at the same time represent Lowell's history through interactive educational displays and interpretative signage.

<u>Project Goals for the **Cannon Street Festival Area**</u> - This urban street aims to enhance the uses of the park and provide additional space for the farmers market and festivals. In addition to this, it will provide a number of amenities including lighting, stormwater facilities, planters, trees, bicycle racks and benches.

Scope of Work

Rolling Rock Park Improvements - The selected firm is to provide design services and construction drawings to upgrade Rolling Rock Park. The layout for the project will incorporate previous concepts and any public input that the client determines is applicable through a public presentation process. DLA's years of experience in providing design services for similar projects will also greatly benefit overall park layout determination.

Gervais Chalk Festival

Swanson Park, Albany

2.0 Project Understanding

<u>Construction Documents</u> - Conceptual design work will be the basis for bid and construction documents. These documents are to include grading, topsoil placement, irrigation, lawn and tree installation. A construction estimate will inform the design decisions with the goal of adhering to the final budgets outlined for each project.

<u>Optional Services</u> - These items are included in the budget as a separate line item allowing the City to determine the extent of the services needed.

Cannon Street Festival Area - Phase 2 of the project requires the development of a conceptual plan for a festival area along Cannon Street. In addition to short and long term goals, the project team will be required to provide a project budget and a final rendered plan. The design team will also help facilitate a design review meeting with interested stakeholders and staff.

<u>Optional Services</u> - All services related to construction documentation, bid documents, the project manual and construction administration have been allocated an estimated amount within the proposed costs section.

<u>Communication with the City</u> - David Dougherty will be the primary point of communication with the city throughout the design process. As such, David will present design ideas and plans to the city for the overall park upgrades and the design for Cannon Street Festival Area. David will incorporate and communicate city feedback throughout the design process.

Eric Parsons will be available for direct communication with the owner as needed and will provide responses to all communication regarding construction and bid documents. Our staff is readily available to respond to all city inquires.

Lions Park, Reedsport

History

DLA Inc. was established in 1991 to provide a responsive approach to landscape architecture, urban design and public improvement projects. These services are offered to uniquely fit a broad range of projects that include public works, commercial development, community enhancement, housing and recreation planning. With a landscape architecture staff of five employees, DLA has a multifaceted background that spans 28 years. David Dougherty and Eric Parsons are licensed landscape architects in the State of Oregon. Please see attached resumes. We offers a comprehensive scope of services that range from preliminary design and master planning to detail documentation and construction administration.

DLA brings a strong professional service to team undertakings. Working with public agencies, architects, engineers, planners and developers we establish clear design goals and implement an approach that reflects a broad understanding of design principles and techniques. In doing so, DLA is a key contributor to successfully completed projects within the public, commercial and private sectors in the Pacific Northwest.

Relevant Professional Capabilities

The projects listed on the next pages show DLA's extensive coordination with multiple partners and stakeholders. DLA has recently worked with citizen stakeholder groups and municipal agencies on numerous park, streetscape and urban revitalization projects. DLA is adept at incorporating the needs of the various stakeholders into a cohesive product. Our firm works to maintain project flow while integrating stakeholder needs. DLA and the design team are also adept at handling permitting at various and overlapping levels.

Additional Relevant Parks Projects throughout Oregon

- Sunrise Park, Albany (in construction)
- Veneta City Park (recently completed)
- Coast Park, Newport
- Deco Park, Newport
- Mt. Vernon Park, Springfield
- Pacific Park, Springfield

DLA Philosophy

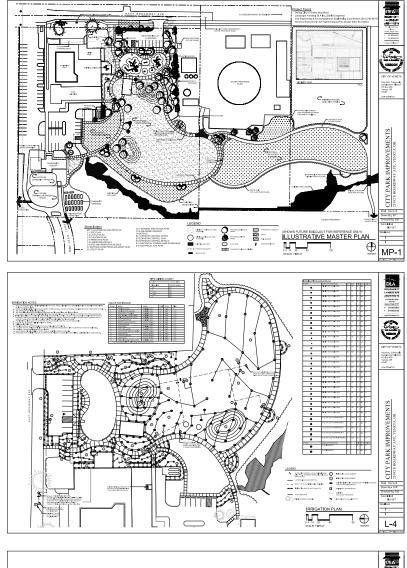

We pride ourselves on being team players and good communicators. The DLA Team delivers projects in a collaborative style, meaning the owner and consultant team work together during all project phases. By focusing on you, your project goals and listening to your community needs, we deliver your vision, not ours. All of these funds are public funds, and the public trusts us, and you to spend the money wisely. We are here to help facilitate the process and bring your vision to reality.

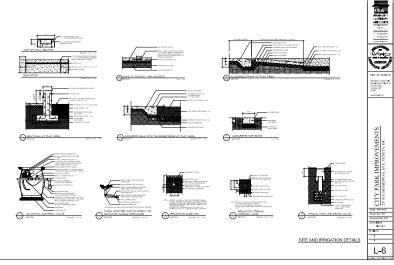

Construction Documentation

DLA is familiar with the process desired by the city, having worked on several city park projects that involved public process. Below is a list of the professional services that we have provide on previous park projects. These are listed in the general sequence in which they are to be performed. We understand that all of this work is to be conducted in close coordination with city staff.

- Initial Project Briefing with City Staff
- Site Assessment
- Schematic Design (including Master Plan elements for entire park)
- Facilitation of public meetings
- Preliminary Cost Estimate
- Construction Drawings with review sets (50% and 75%)
- Final Cost Estimate
- Bid Documents to include: Park Layout and Materials, Landscape, Irrigation, Lighting and Site Detail Documentation.

Construction Document Examples

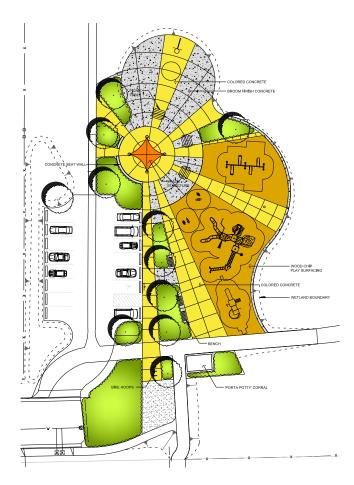

VENETA CITY PARK

Veneta, Oregon

DLA headed public input sessions to guide the design of this community park. DLA was project lead and worked closely with the City of Veneta public works to develop bid and construction documents. The park features a new parking lot, playground, a renovated picnic shelter, play berms, large turf fields and perimeter pathways. Park construction was completed on time and under budget.

SUNRISE PARK

Albany, Oregon

Site elements at this neighborhood park include a new parking area, playground, basketball court and plaza with seat walls and a shade structure. DLA served as project lead and provided full site, landscape and irrigation design and documentation. DLA presented the park plans during a public information meeting. The park design features a radial 'Sunburst' pattern that extends from the center of the plaza to the hardscape edges.

GERVAIS MAIN STREET/FESTIVAL STREET

Gervais, Oregon

DLA worked with the City to upgrade Main Street and provide an event space for the community. The popular Gervais Festival, originally the Gervais Sidewalk Chalk Art festival is an annual celebration that brings the community together to celebrate their diversity and encourage young people to be a part of their community. This popular festival has expanded over the years and now draws many locals and visitors. The provision of a dual use space and the focus on a pedestrian environment has encouraged community participation and created strong connections to local businesses.

KINDER PARK

Albany, Oregon

DLA was project lead and provided a full range of design services for this community park and sports complex. DLA also led a public presentation for park design. The park features a large playground, shade structures with picnic tables, park lighting, baseball fields and site furnishings. Park pathways connect to a creek-side trail network. The park has been well received by the community and city staff.
